

# Bili Blanket Baby™

*Helping families thrive at home*

## WHO WE ARE

Bili Blanket Baby, founded in 2014, is a woman-owned Durable Medical Equipment company based in Boulder, Colorado. We address community needs with compassion and expertise, focusing on underserved populations. We partner with healthcare providers and new parents to offer high-quality neonatal home jaundice treatment and maternity supplies, fostering strong family bonding.

## WHAT WE DO

We provide essential home phototherapy for newborns and maternity and lactation products for new and expectant mothers. Over the past decade, we have become the largest provider of home phototherapy in the U.S., with bili blanket deliveries within four hours, 365 days a year.

We are also thrilled to partner with providers to increase access to expanded Medicaid coverage for breast pumps, compression garments, and other vital products for growing families.

## OUR PRODUCTS

- **Bili Blanket Rentals:** Safe and effective home phototherapy units for treating neonatal jaundice. Deliveries are made within four hours.
- **Hospital-Grade Pump Rentals:** Available starting Fall 2024, offering high-quality rental options for hospital-grade breast pumps.
- **Electric Breast Pumps:** Reliable pumps that mothers can keep for personal use.
- **Manual Breast Pumps:** Portable pumps ideal for occasional use, also for mothers to keep.
- **Milk Storage Bags:** Essential for safely storing breast milk, with unlimited refills available as long as needed.
- **Compression Garments:** Supportive garments designed for postpartum recovery and comfort.
- **Back Support:** Provides relief and support for expectant and new mothers.
- **C-Section Recovery Kits:** Comprehensive kits for recovery after a cesarean section.

We look forward to collaborating with you to help families Thrive at Home!
